“ What one memory do I choose to share about my Mother, my Friend and my Mentor? With a velvet glove she taught me all that she was and all I needed to be ready for life's journey- Strength, Discipline and Independence.

I will say my best and most fun memories were from our travels. Island, States and best of all our road trips where we got pleasantly lost. The back roads, dirt roads and dead end roads. We bopped to music, shared tears of laughter over nothing and the infamous question at every stop sigh "WHICH WAY!???" I don't know how, but we always made it home before dark!!

There is a very large hole in my heart right now, but I will keep it filled with all the amazing memories we had during your wonderful life.

I love you and will miss you each and every day...

Your Daughter...

Barbara
