“ To Aunt Judy, JudyAnn, Tommy, Garry, Pat, and all nieces and nephews and extended family and friends: May your warm memories of Jamie help comfort you and tide you through this difficult time. As many others have said Jamie had an infectious personality and could light up a room with his quick wit and light-hearted somewhat flamboyant personality. When Jamie walked in the room didn't you just start having an AWESOME time?! I am a lot younger than Jamie and all my other cousins, but I feel like if I had been born 20 years earlier and lived closer to my cousin we would have had a great time fishing and partying! As it was, I was very blessed to have shared the company of Jamie at countless weddings, graduation parties and other family get-togethers throughout the years. He was truly one of a kind and will be forever loved, cherished, and missed by all he came in contact with! Ps. Save some Rolling Rock for me up in Heaven cuz..

“ Condolences to the family and friends. James was my high school bud and college roommate. I taught him fingerpicking, and he taught me zest for life - a lesson lthat still carries on today. Thanks James. the world is worse without you in it. Love you, bud.
