“ Joe, you had a generous and giving heart. You invited so many people in and gave so much. In your gracious offerings to E-step, the world has lost a humanitarian. Look down on us, protect and guide us.

“ Dear Jennifer,

We are saddened about the loss of your Dad. There are never enough words of support that one can offer that alleviates the pain of losing a parent. Joe suffered toward the end of his life, but his accomplishments far outweigh the hard times, and his accomplishments are truly astonishing! His most amazing accomplishment was the rearing of a wonderful daughter in you. He did a lot of things right and the inner gifts that you possess are a part of him. These gifts are his gift to you and a wonderful legacy to his life that are now being passed on to Samantha. It is right to remember Joe as a wonderful father and a person with many gifts.

May you remember him with a prayer and a smile,

God be with you and your family,

Love,

Mary and Larry
