“ My heart felt very heavy today after receiving the letter from Geisinger of Dr Brown's passing. He was the family physician for myself and my 2 children for the last 15 yrs. He was so much more than our Dr, he was a friend, part of our family. He was an amazing Dr and we all felt very comfortable with him. Our deepest sympathy to his wife and 3 boys. He told us stories about them during some of our visits. He will be deeply missed and so hard to replace. May God bless.

“ What can I say about Doctor Brown that no one has said? He was my physician at Pocono medical center the past few years. We spent more time talking about everything imaginable including my health, if found him more of a friend than a doctor. The last conversation we had was about Henry rifles and he mentioned that he just purchased one for his son. We made a tentative date to go to the range at some point to shoot the Henrys together. I will miss him greatly and I give his entire family my sincerest condolences at this sad time.

“ Dear Brown family our thoughts and prayers are with you during this difficult time. My husband and I only knew him as what most would typically call him a family physician, but he was so much more. To Dr. Brown you were family. He knew you and everything about you never having to look at the computer to remind him. Whatever news he had to tell you, good or bad, you always left laughing because of his amazing personality that gave him the ability to put a positive twist even on the worst of news. Tim will never be forgotten.

“ So sorry to hear this devastating news. I will keep his family in my prayers . Tim was my doctor for past 13 years. Without him I don't think I would be here. With all the doctors I had in past he is the only one who helped me get my health issues under control. I believe he was the best thing that has happened to me as far as having a great doctor. Again so sorry

“ Dear Shelly, David, Alex and Zach,
We were so sad to hear about your husband and fathers passing. He was a very kind, giving and once in a lifetime kind of guy. We know how proud he was of his family and how hard he worked for his community both as a physician and volunteer. His death leaves a void for all who knew him but especially for you. We are thinking of you all and sending our love and prayers during this very difficult time.
